METABULLRUN

A community driven token that is built to
create a bull run to the moon.

MBR Reflections, BNB Rewards, and Buyback

Built To Moon

This token is built to go to the moon. Most token taxes include buybacks and rewards on both buy and sell, we are including them at only on sell transactions in order to minimise the selloff on a buy.

Attention Grabbing

Marketing Plan

High impact marketing is the key to successful tokens. Our team consistently gets tokens listed on CMC and CG. Additionally, we use a mixture of influencers, call groups, trending, press releases, and most importantly, community rewards to promote the project.
